FOREIGN BROADCAST INFORMATION SERVICE

Of Special Interest This Week

+ Among special services this week, FBIS is preparing a study of Israeli press attitudes on key issues, including Israeli Government policy toward the occupied territories, at the request of the office of Under Secretary Eagleburger. In response to a request from the U.S. Embassy in Tel Aviv, FBIS provided expeditious service to Special Envoy Habib in Beirut, filing at "immediate" precedence a Sharon interview with the Israeli paper Ma'rariv on the U.S. role in mediating between the Israelis and Lebanese. ☐

+ At the request of analysts preparing the PDB, FBIS made special arrangements for direct teletype transmission from London Bureau to the PDB staff of the text of Andropov's speech of 21 December on the 60th anniversary of the USSR. The special arrangement enabled the PDB staff to include an analysis of the speech in the PDB which was sent to the White House early on the morning of 21 December. With the automation of the FBIS Wire Service, scheduled early in the new year, FBIS will be able to routinely provide PDB with rapid relays of such texts almost as soon as they are processed in the field. ☐
